Sir Robert Falconer
Pres of U. of T.

Dear Sir,

The class of '17
medicine of Toronto graduated
in November 1916 and
each member paid for
a Torontonensis.

The members of the
class in the C. E. F.
have reported to me that
the edition was not sent
to their home addresses and
they have asked me to

1

write concerning this
matter.

Would you be kind
enough to see that
the Torontonensis Board
fulfil their agreement.

Thanking you

Yours Truly

C S Macdougall

Captain C. S. Macdougall, C.A.M.C.,

Army P.O.

London, England.

Dear Captain Macdougall:

I am very sorry that those of your class have not got the copies of Torontonensis. It was due to the fact that according to the arrangements that had been made the Torontonensis was to be called for or sent for from the office. They had not the home addresses of the members and had not paid the postage on any others. However, I asked them to consider this matter, and at a meeting of the Students' Council yesterday afternoon they have asked the medical representatives to get the home addresses of your year and will send the books forward. I hope that this will prove to be satisfactory.

Wishing you all the best of safety and satisfaction in your arduous work, and hoping for a speedy return,

I am,

Yours sincerely,

President.
